### **PAST PERFORMANCE IS NOT INDICATIVE OF FUTURE RESULTS.**

Commissions, trailing commissions, management fees, and expenses all may be associated with mutual fund investments. Please read the prospectus before investing which is available from your investment professional or Hartford Investments Canada Corp. Indicated rates of return are historical total returns including changes in unit values and, for periods greater than one year, represent historical annual compounded returns. All performance data assume reinvestment of all dividends or distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. Mutual funds are not guaranteed, their values change frequently, and past performance may not be repeated. Mutual fund securities are not covered by the Canada Deposit Insurance Corporation or by any other government deposit insurer. There can be no assurances that the Hartford Canadian Money Market Fund will be able to maintain its net asset value per security at a constant amount or that the full amount of your investment in the Hartford Canadian Money Market Fund will be returned to you.
